

Group Meeting

- Copy Group contract terms EDA
- EDA dependent variable is body fat percentage
- We use that variable to compare to others in the dataset
- How to use github
 - Basically download the file, add stuff to it in r then reupload it to github for changes and you can see changes in github
- Have weekly zoom meeting

Note: This meeting was for how to complete EDA individually

8:10pm - 8:41pm 2/10/25

Attendees: Karin, Bryan and Qiuyu
